June OEM report

June 2026 Monthly Report

Past Month Activities:

- Participated in National Weather Service weekly weather briefings.
- Conducted monthly outdoor warning siren testing.
- Attended senior staff meetings, committee meetings, and monthly DHSEM/City of Roswell flooding disaster-related meetings.
- Posted updates on the OEM Facebook page.

Accomplishments for the Month:

- Continued participation in FEMA, State, and City coordination meetings.
As of July 6, 2026, 2,177 Individual Assistance applications have been approved by FEMA, totaling \$22,903,124.92.
Citizens can complete the CDBG-DR grant application online or at City Hall and the Chaves County Administration Building. The State is seeking contractors for the \$100 million Home Recovery Program.
Public Assistance: Public Assistance grant dollars obligated to date are \$80,275,590.22. Hazard Mitigation Grant Program dollars obligated total \$540,133.85. Consultants continue working with FEMA on project submissions. Task Force meetings continue for Agriculture, Infrastructure, Debris, Housing, Museum, and Recovery.
- Continued updates to the Emergency Operations Plan (EOP), including task and annex review.
- Briar Ridge siren installed and scheduled for testing on July 6th during the monthly siren test.
- Statewide MCI exercise held June 2, 2026.
- Conducted a local MCI exercise with simulated patients at ENMMC held June 25, 2026.
- Continued exercise planning with Region 3 Coalition, ENMMC, and the Roswell Airport.
- Air race planning.

Emergency Management

- Attended the NMAEMP meeting
- Attended the LPC meeting with State
- Submitted the EMPG grant application
- Submitted the Mitigation Grant application.
- Submitted Hazard Mitigation Plan RFP for State Review prior to publishing.
- Requested invoices, closed out all open POs.
- Submitted the A/R Balance and Inventory Balance to Finance.

Plans for July 2026:

- Submit Quarterly invoices to Chaves County and State of NM.
- Airport Tabletop Exercises.

Fleet: Ford F-150 XL STX Crew Cab 26,806 miles

Driven by Karen Sanders

PVRCC June Report

Consolidated Dispatch Monthly Report

Reporting Period:

- June 2026

Staffing and Training:

- Two dispatchers began training on June 1, 2026. One had previous dispatch experience, while the other entered with no prior experience.
- Of the two dispatchers who began training on June 1, the dispatcher with previous experience is progressing exceptionally well and has entered the final phase of training. The dispatcher without prior experience is also progressing well and is nearing completion of the phone training phase.
- An entry-level dispatcher hired in May 2026 submitted her resignation on June 10, 2026.
- We also received the resignation of an experienced dispatcher who began employment in April 2026. Her resignation was effective June 29, 2026.
- Three contracted dispatchers remain assigned to PVRCC and continue providing staffing support.
- Recruitment efforts remain ongoing. Applicant testing has been distributed, the City's Graphic Designer assisted with creating a recruitment flyer, and the City's Public Information Officer has helped promote the recruitment campaign through the City's social media platforms.

Operations

- CAD issues continue to impact operations.
- Dispatch workstations continue to experience hardware failures, with the frequency of those failures increasing over time.
- Network installation in the new dispatch center is scheduled to begin on July 13, 2026. Once installation is complete, a tentative relocation date can be established.
- Due to ongoing staffing shortages, a contract extension for the three contracted dispatchers assigned to PVRCC was presented to the Finance Committee. The extension will ensure continued staffing support while the department recruits, hires, and trains new dispatchers.

Equipment/Software

- Persistent CAD issues and recurring computer failures continue to cause delays in daily operations. The IT Department has worked diligently to maintain the current systems and equipment until the dispatch center can be relocated.
- New dispatch computers will be installed by the IT Department once relocation to the new facility begins.
- Mindshare dispatch radio consoles are scheduled for installation during the move to the new location. Completing the installation during the relocation will eliminate the need to take dispatch operations offline multiple times in the future.

- The new dispatch center has officially been turned over to PVRCC, and the Certificate of Occupancy has been received.
- Office furniture has been delivered by Tascosa. Their staff worked alongside the City's IT Department to install the additional components necessary for connecting workstations and hardware.

Grants

- PVRCC has maintained consistent communication with the Department of Finance and Administration (DFA) to ensure the agency applies for all available grant opportunities.
- The FY2026 E911 Grant application was completed awaiting signatures from the mayor and DFA.

Professional Development

- Department Manager Herring and the Deputy Department Manager attended the New Mexico Counties 911 Affiliate Conference from June 16–18, 2026.

Monthly Call Statistics

Figure 1. Is a graph of telephonic calls facilitated by the Pecos Valley Regional Communication Center for the month of June 2026. *Note- Numbers specific to the 911 center and dispatch will differ from statistics reported by the agency departments for various reasons to include multiple calls for the same incident, a call that does not produce a call for service, officer initiated calls for service, and calls that require the dispatch of multiple agencies to the same incident.

Figure 1.

Roswell Fire Department

Operations Monthly Report

June 2026

Fire Chief's Summary

June 2026 marks one of the most significant milestones in the history of the Roswell Fire Department. On **June 17, 2026, at 0724 hours**, the department officially assumed responsibility for emergency ambulance services for the City of Roswell. The first 911 EMS response under the Roswell Fire Department banner was successfully completed that morning, marking the beginning of a new era of combined Fire and EMS service to our community.

The transition required months of planning, hiring, training, equipment preparation, station modifications, and coordination with our healthcare partners. The professionalism displayed by every member of the department made this transition seamless, allowing uninterrupted emergency medical services while continuing to provide exceptional fire protection.

This report is divided into two operational sections:

- **Fire Operations**
 - **EMS Operations**
-

FIRE OPERATIONS REPORT

Overview

Fire Operations remained extremely active throughout June while simultaneously supporting the City's transition to municipal EMS. Personnel continued responding to emergency incidents, completing specialized training, participating in community events, assisting with station renovations, and preparing new EMS personnel for integration into the department.

Significant Emergency Responses

Fire crews responded to numerous significant incidents throughout the month, including:

- Adult Center Structure Fire
- Multiple grass and dumpster fires
- Vehicle vs. Bicycle Level II Trauma
- Suicide attempts
- Multiple Code Blue medical emergencies
- Stroke Alert
- Cardiac emergency involving Wolff-Parkinson-White Syndrome
- Multiple overdose and unconscious patient responses
- Numerous motor vehicle accidents
- Fireworks standby incidents with multiple grass fires
- Bottomless Lakes rescue incidents

C Shift alone documented:

- 8 Structure/Vehicle/Grass Fires
- 11 Fire Alarms
- 7 Fatality Responses (10-45)
- 5 Suicide Incidents
- 3 Code Blue Responses
- 15 Public Assists
- 103 Medical Calls

These responses continued while crews simultaneously assisted with the launch of municipal EMS operations.

Training & Professional Development

Training remained a primary focus throughout the month.

Department personnel completed training in:

- Leadership Development
- Structural Collapse Operations
- Swift Water Rescue
- High Rise Operations
- Live Fire Night Drills
- Trauma Management
- Pediatric & Neonatal Emergencies
- Heat Related Emergencies
- Burns
- Anaphylaxis
- SCBA Fit Testing
- Leprino Plant Walkthroughs
- Rescue Stabilization Techniques
- Company Officer Selected Training
- Multi-company drills
- Physical Training with Fire and EMS personnel

The addition of EMS personnel also created opportunities for integrated Fire/EMS training that will continue to strengthen department operations moving forward.

Personnel

Several significant personnel milestones occurred during June.

- Multiple Fire Recruits joined the department.
- Ambulance personnel officially transitioned to Roswell Fire Department employees.
- Firefighter Castillo successfully completed his probationary rookie year.
- Recruitment efforts continued through job fairs and department tryouts.

Current Fire staffing shortages remain in several firefighter, engineer, and paramedic positions that are actively being filled.

Apparatus & Equipment

June saw major improvements to the department's fleet.

Highlights include:

- Delivery and placement of the new Mid-Mount Truck 1.
- Multiple new ambulances placed into service.
- Continued repairs on aerial apparatus.
- Crash 1 and Crash 2 received scheduled maintenance.
- Squad 1 extrication equipment repaired.
- Truck 1 received A/C repairs.

These additions significantly improve operational readiness for both Fire and EMS divisions.

Facilities

Department facilities continue to improve.

Projects completed or underway include:

- Station 1 renovation continues.
- Station 5 renovation underway.
- Station 4 water heater replacement.
- Station 3 repairs completed.
- New mattresses placed in all stations.
- New washer and dryer installed.
- Station maintenance completed on multiple facilities.

Several facility improvements remain in progress, including HVAC repairs and appliance replacement.

Community Outreach

The department remained highly engaged throughout the community.

Activities included:

- TransAero Memorial Service
- Honor Guard participation
- American Legion Flag Retirement Ceremony
- Fireworks standby operations
- Touch-A-Truck events
- Station tours
- High School spray-down events
- Soccer and football camp support
- Turtle Pond community assistance
- Recruitment events and job fairs

These events continue strengthening relationships between the department and the citizens we proudly serve.

EMS OPERATIONS REPORT

EMS System Launch

June 17, 2026 represents a historic achievement for the Roswell Fire Department with the successful launch of the City's municipal ambulance service.

The first 911 EMS call under Roswell Fire Department operations was received at **0724 hours** on June 17.

The transition from the previous provider occurred without interruption to emergency services and has continued to operate successfully since implementation.

Staffing

The department has successfully hired:

- **9 Paramedics**
- **9 Advanced EMTs**
- **9 EMT-Basics**
- **3 Fire Recruits**

Current vacancies include:

- 3 Paramedic positions
- 6 EMT Basic/Advanced positions

Recruitment efforts continue, and these vacancies are expected to be filled in the near future.

The EMS Division organizational structure now consists of:

- Fire Chief
 - Deputy Chief
 - EMS Chief
 - EMS Captain
 - Three EMS Lieutenants
 - Paramedics
 - Advanced EMTs
 - EMT-Basics
-

EMS Deployment

The department currently staffs **six ambulances 24 hours per day, seven days per week.**

Current deployment includes:

Station 1

- Two 911 Ambulances

Station 3

- One 911 Ambulance
- Two Transfer Ambulances

Station 5

- One 911 Ambulance

This deployment has allowed the department to provide excellent emergency response while maintaining transfer capabilities throughout the city.

As transfer demand continues to increase, a third dedicated 24-hour transfer ambulance may become necessary in the future.

Call Volume

Between **June 17 and June 30**, EMS personnel completed:

- **329 EMS responses**, 291 emergency 911 calls and 35 being transfers averaging 25 calls per day

The department has maintained full operational readiness throughout this initial operational period.

Training

Every newly hired EMS employee completed a comprehensive orientation program covering:

- Department SOPs
- Rules and Regulations
- Pharmacy Compliance
- Stryker Gurney Operations
- Cardiac Monitor Training
- ImageTrend Documentation
- Ninth Brain
- Department Safety
- Leprino Facility Orientation

In addition, all EMS personnel now complete a minimum of **one hour of EMS training every shift**, integrated alongside Fire Division training.

Current training priorities focus on:

- Operational readiness
 - Safety
 - Department compliance
 - Upcoming specialty certifications
 - Continuing education
-

Community Partnerships

During June, EMS leadership met with:

- Eastern New Mexico Medical Center
- Local hospitals
- Nursing facilities
- Rehabilitation centers
- Healthcare partners

These collaborative meetings established communication expectations and standardized patient care processes. Quarterly meetings will continue, with additional meetings scheduled as operational issues arise.

Information Systems & Billing

ImageTrend has performed exceptionally well during implementation.

Initial documentation and electronic patient care report transmission issues were quickly resolved through collaboration with ImageTrend support.

At this time:

- Patient care reports are transmitting successfully.
- Billing files are being delivered without issue.
- No major software concerns have been identified.

As reimbursement begins, the department will work closely with **PSG** to evaluate Medicare reimbursement trends and overall financial performance.

Operational Challenges

No significant operational issues have been identified during the launch period.

The most notable concern has been the loading height of several ambulances while utilizing powered stretchers.

Department leadership has already worked with Fleet Maintenance to identify a mechanical solution.

Parts have been ordered with an anticipated installation timeframe of approximately **6-8 weeks**.

Looking Ahead

July will focus on:

- Filling remaining EMS vacancies.
 - Continued operational refinement.
 - Specialty skills training.
 - Quarterly healthcare partner collaboration.
 - Continued station renovations.
 - Ongoing quality assurance and compliance monitoring.
 - Evaluation of future transfer ambulance needs.
-

Closing Remarks

The successful launch of municipal EMS services represents one of the largest operational changes in the history of the Roswell Fire Department. The dedication, professionalism, and adaptability demonstrated by every employee throughout this transition have been exceptional.

While maintaining outstanding fire protection services, the department successfully integrated emergency medical services, expanded staffing, deployed a new ambulance fleet, implemented new technology systems, and established strong partnerships with our local healthcare community—all without interruption to emergency response.

This milestone reflects the commitment of every member of the Roswell Fire Department to providing exceptional service to the citizens of Roswell and positions the department for continued success as a fully integrated Fire and EMS agency.

ROSWELL FIRE DEPARTMENT

Fire Marshal's Monthly Report

June 2026

Submitted by
Fire Marshal Jared Olive

Training Summary

Only a few trainings were logged this month with the most notable being the Commercial Kitchen Exhaust System training provided in the field by myself and City Mechanical inspector Gus Garcia. This training was extensive with the evaluation of all exhaust system components and visualized on site during assembly at the rib crib that caught fire for failure of the system a few months back. Lots of training was also invested in food truck code review and 2024 code review for myself and the deputies.

Plans and Permits Summary

During June, the department managed a high volume of operational and construction permits. Team members inspected all seasonal firework sales tents and public display sites to ensure fire code compliance. They also authorized fire alarm and suppression system installations at several amuzement businesses, implementing ongoing field monitoring to ensure life safety. Additionally, plan reviews were finalized for multiple renovations—including an apartment complex—and several new construction developments were approved.

Investigation Summary

Fire investigations throughout June involved complex cases rooted in varying physical and mental health complications. Through rapid intervention and diligent fieldwork, our teams successfully averted two potential catastrophes, though a third incident unfortunately left an individual in critical condition.

PR AND SPECIAL EVENTS SUMMARY

In May, the Prevention Office focused on enhancing community engagement by educating the public about safety and teaching effective evacuation procedures for both residential and commercial buildings.

During events like Leprino Safety Day, we provided the community with essential education and tools for safely using fire extinguishers, keeping escape routes clear, and being aware of extinguisher locations, as well as highlighting the importance of installing and maintaining smoke alarms in their homes.

The smoke alarm installation program has been beneficial in educating the public on safety hazards and equipped individuals with the tools to evacuate their homes during an emergency. We will continue to encourage the community to prioritize safety to minimize and prevent fire-related incidents.

REPORT SUMMARY

June was a highly active month for the prevention office, even though the numbers do not fully reflect the workload. Total output was impacted by ongoing staffing shortages, as we remain short one administrative staff member, and Deputy Ness is dedicated to EMT training classes. Field operations focused heavily on large facilities, inspections at the airport fueling base, and numerous fireworks stands. Additionally, we conducted multiple site visits to Rib Crib to facilitate their opening, though the business has not yet completed its required work.

A primary focus this month was preparing for the upcoming UFO Festival through extensive food truck safety inspections. We successfully implemented the new food truck permit system following countless hours of development. To support this launch, I presented at a food vendor informational meeting to present the new guidelines. While the information was well-received by operators, almost none of the submitted applications were completed correctly. Our team will closely monitor these submissions to enhance vendor education or redesign the application layout as needed.

ACCOMPLISHMENTS

- Shift Bid completed with no issues.
- Junior Academy was completed and was a success.
- Courtroom testimony class was completed with all new certified officers.
- Two new SROs attending NASRO training.

PLANS FOR NEXT MONTH

- Patrol is continuing to conduct traffic details in problem areas or intersections.
- 4th of July festival/show
- SROs getting ready for new school year.

SWAT TEAM

Training:

Two trainings were conducted this month on June 11 and June 24.

On June 11, Operators conducted low/no-light training utilizing Night Observation Devices (NODs) and PEQ-15 laser aiming devices. Training began with an overview of the operation and employment of the equipment followed by an administrative review of equipment placement within the Pit-Bull, white van, and SWAT equipment locker. The team then conducted interior movement training under night vision, focusing on deliberate entries, dynamic entries, and non-verbal communication techniques. Following dinner, operators completed optic confirmations, zeroed visible and infrared PEQ-15 lasers, and conducted low-light weapon manipulation and live-fire drills.

On June 24, Operators conducted scenario-based tactical training emphasizing deliberate and dynamic entry techniques. The training day began with a cold scenario and evolved into several different force-on-force scenarios designed to test the team's interior tactics and movement. Several deficiencies in structure clearing were identified during the scenarios. A dedicated structure clearing training will be mandated for Operators in the near future outside of scheduled training days to address this issue. Additional repetitions will be conducted to improve consistency and proficiency in this area.

Callouts:

The team responded to two SWAT Light activations this month.

On June 9, a SWAT Light was activated in reference to a barricaded subject at 1511 S. Kansas Ave. Patrol officers attempted to contact Isaac Pacheco after he fled from officers during an incident at Albertson's. His vehicle was later located parked outside his residence, and surveillance video showed him entering the home just prior to officers establishing containment. After patrol was unable to make contact, a search warrant was obtained for the residence. SWAT operators cleared the home and located evidence indicating Mr. Pacheco was hiding in the crawl space. OC vapor followed by a single tri-chamber CS canister was deployed into the crawl space, causing Mr. Pacheco to surrender. He exited the crawl space and was taken into custody without further incident.

On June 22, a SWAT Light was activated in reference to Guadalupe Gonzales, who was believed to be barricaded inside a camper trailer at 415 E. 4th St. After patrol established containment and numerous verbal call-outs went unanswered, a search warrant was obtained for the camper trailer. A Noise Flash Diversionary Device (NFDD) was deployed outside the trailer as an attention-getting device, followed by the introduction of OC vapor in an effort to gain voluntary compliance and avoid a physical entry. Shortly thereafter, Guadalupe Gonzales and a female occupant voluntarily exited the camper and were taken into custody without incident. Mr. Gonzales was arrested on multiple outstanding felony warrants and an additional charge of Resisting, Evading, or Obstructing. The incident was resolved without the need for a tactical entry, and no officers or uninvolved bystanders were injured.

Accomplishments:

The team continued to improve tactical readiness through realistic scenario-based training and successfully resolved two SWAT Light activations without injury to officers or uninvolved civilians. Equipment accountability and vehicle organization were further standardized to improve efficiency during future callouts.

Officer Jerod Candelaria was selected as the newest member of the Crisis Negotiations Team and will begin the team's training program. The team's Pit-Bull armored vehicle was also outfitted with a movable turret base, increasing operational flexibility and enhancing the platform's capabilities during tactical deployments.

Plans for Next Month:

A dedicated training day for structure clearing will be hosted by senior members of the SWAT team. This training will be open to all sworn personnel and mandatory for Operators.

Officer Flott, Detective Franklin, and Agent Barela will assist Ruidoso PD with overwatch operations during the Ruidoso Ironman 70.3 on July 11-12. More than 1,000 participants and spectators are expected to attend. This deployment will provide valuable experience in public venue security prior to the NCAR event in Roswell this September and is being conducted at the formal request of the Ruidoso Police Department.

Training will be held July 16 and the 30. July 30 training day will be open to those interested in applying for SWAT to help gain an understanding of the team and our responsibilities.

Equipment Update:

Sniper tripods were received and placed into service. The sniper rifle remains on order.

Issues and Concerns-

We are currently down two Operator positions and three Trailer positions. We have decided to leave these positions vacant until another tryout can be held at the end of August.

Ofc. Jaime Castillo and Ofc. Daniel Fontanez submitted letters of interest for the open dedicated sniper position. Selection will be held later this month.

CRIME REDUCTION TEAM

The purpose of this operation is to proactively reduce crime within the City of Roswell and Chaves County through targeted enforcement efforts directed at violent offenders, narcotics-related activity, weapons violations, and individuals with outstanding warrants. This operation is intended to increase police visibility, deter criminal activity, and enhance public safety through coordinated enforcement and rapid response capabilities.

MISSION OBJECTIVES

Personnel assigned to this operation shall:

1. Conduct proactive enforcement in identified high-crime areas.
2. Locate and apprehend individuals with outstanding warrants.
3. Identify and arrest individuals involved in narcotics possession, distribution and trafficking.
4. Enforce state and local weapons laws.
5. Increase police visibility in targeted neighborhoods.
6. Respond to high-priority calls for service when necessary.
7. Gather criminal intelligence related to ongoing investigations and criminal activity.
8. Disrupt criminal activity through high-visibility enforcement and officer presence.

TARGET ENFORCEMENT AREAS

Deployment locations will be identified during the operational briefing based upon:

- Recent crime trends
- Violent crime statistics
- Narcotics complaints
- Known offender activity
- Intelligence gathered from patrol officers and detectives
- Calls for service data

JUNE STATS FOR CRT:

- Total arrests: 8
- Narcotics seized: (21.7 grams of methamphetamine)
- 1 vehicle towed for search warrant (SW resulted in narcotics seizure)
- 23 traffic citations

NAME	STATUS
Jeremy Mears – Recruit Officer	Did not pass Chief's interview

PSA APPLICANTS CURRENTLY IN PROCESS:

Not currently hiring due to positions being full.

JUNE LOSSES:

NAME	REASON
Fabian Vigil	June 2 – Resigned in lieu of termination
Patrick Silvas	June 2 – Resigned in good standing
Miguel Teran	June 8 – Resigned in good standing
Tyler Angel	June 12 – Resigned in lieu of termination

DIVISION HIGHLIGHTS

Community Outreach & Neighborhood Watch:

June 8-9

Officer Gonzalez visited businesses throughout the city and met with managers to seek donations and sponsorships for the department's annual National Night Out event. These efforts support community partnerships and help make the event successful for residents, families and local businesses.

June 16

Officer Gonzalez and Officer D. Morales conducted a DWI awareness presentation for Youth Challenge students at the New Mexico Army National Guard Armory. During the presentation, students learned about the dangers, legal consequences, and life-altering impacts of driving while intoxicated. The officers also demonstrated the proper administration of the Standardized Field Sobriety Tests (SFSTs), explaining how law enforcement officers evaluate impaired drivers. Following the presentation, students had the opportunity to participate in the SFSTs while wearing impairment-simulation goggles ("drunk goggles"), providing a hands-on experience that highlighted the effects alcohol impairment has on balance, coordination and judgment.

June 16-19

Officer Gonzalez visited Villa Mobile Home Park, Sunset 1600 Apartments, Summit Apartments, Wildewood Apartments, and Villas Briar Ridge. I met with the property managers and distributed flyers containing information about the Roswell Police Department's Good Morning Call Program.

Training:

June 18

Lt. Trong Nguyen and Training Officer Fontanez conducted an active-shooter response training at El Capitan Elementary School for School Resource Officers (SROs), recruit officers, and veteran officers seeking a refresher on current response tactics. The training emphasized rapid deployment, communication, threat assessment, and coordinated response strategies to enhance officer preparedness for active shooter incidents.

June 23-25

Reality-based training was conducted at Mesa Middle School. This mandatory training required every sworn officer to complete five separate, scenario-based exercises designed to enhance decision-making, communication, and tactical response skills. The training was well received, with officers providing positive feedback and expressing that the scenarios were realistic, challenging, and beneficial to their overall preparedness.

Academy:

Sgt. Tan Nguyen and Officer Fontanez took 4 police recruits to Santa Fe for the New Mexico Law Enforcement Academy (NMLEA) pre-assessment physical fitness test on June 15. All four police recruits passed and were accepted into the academy. They reported to the NMLEA Sunday, June 28.

DRONE STATISTICS

FLIGHTS: 249
DISTANCE TRAVELLED: 504 miles
FLIGHT TIME: 43 hours 17 minutes
REPORTS: 179
ARRESTS: 38
CALLS FOR SERVICE: 130
REQUESTED ASSISTANCE: 29
CLEARED CALLS: 35

Special Investigations Div./Chaves County Metro Narcotics Task Force

New Activities – 71 new activities were generated this month. Agents executed 14 search warrants, made 20 controlled buys of narcotics, made 23 arrests including 5 fugitives, seized 9 firearms and had 11 activities that were classified as “Other.”

SROVTs/Training

-Task Force conducted 3 SROVTs.

-Agents attended 2 SWAT trainings on June 11 and 25.

Monthly Highlights

06/01/26 – Agent seized 75 fentanyl pills.

06/02/26 – Agent seized 59 fentanyl pills.

06/03/26 – Agent seized 29.1 grams of methamphetamine/ice.

06/08/26 – Agent seized 13.5 grams of cocaine.

06/08/26 – Agent seized 45.9 grams of methamphetamine/ice.

06/09/26 – Agent seized 30.3 grams of methamphetamine/ice.

06/11/26 – Agent seized 415.1 grams of methamphetamine/ice.

06/15/26 – Agent seized 91.3 grams of methamphetamine/ice.

06/16/26 – Agent seized 30.3 grams of methamphetamine/ice.

06/16/26 – Agent seized 12.8 grams of cocaine.

06/19/26 – Agent seized 25.2 grams of cocaine.

06/25/26 – K9 Officer seized 10.3 grams of fentanyl.

06/26/26 – Agent seized 16.4 grams of methamphetamine/ice.

06/30/26 – Agent seized 4 firearms assisting patrol and APO during a home check.

Additional Monthly Happenings

Agents seized \$42,110 in assets, 772.6 grams of methamphetamine/ice, 163 fentanyl pills, 12.7 grams of fentanyl powder, and 51.5 grams of cocaine. Lieutenant and Sergeant attended a Region VI Task Force meeting in Carlsbad June 24. All HIDTA funds were appropriately spent by the June 30 cutoff.

Criminal Investigations Division

Tuesday 6-2-2026

Detective was called out to a suicide that occurred at 1103 Caminisito. The victim was identified as Adam Tavarez. Through the investigation the male sustained one gunshot wound to the head. It was also learned the male had been recently stressed about his job. This case was closed out as an obvious suicide.

Friday 6-5-2026

Detective was assigned a child solicitation case where 2 juveniles reported an adult male identified as Arturo Madrid exposing himself on a video call to them and asking for nude photos in return. The children observed a driver's license in the background of the video chat and asked the male to see it. The male showed his driver's license and the children were able to screen shot it and show detectives. Detective has presented the case to the District Attorney's Office and now she's awaiting approval of an arrest warrant for Arturo.

Wednesday 6-10-2026

Detective was assigned a fraud case where the victim reported losing their credit card and having unauthorized transactions. Through the course of the investigation Detective was able to identify the suspect as Marcia Hoover. A warrant was obtained for Marcia for fraudulent use of a credit card.

Wednesday 6-10-2026

Detective was assigned a fraud case where several businesses reported receiving fraudulent checks from two individuals. Through the course of the investigation Detective was able to identify the two suspects as Carlos Velos and Sabryna Gonzales. Arrest warrants were obtained for both subjects for Forgery and Fraud.

Friday 6-12-2026

Detective was called out to 705 Venus in reference to an unattended death. Upon arrival it was learned the victim was identified as Dewayne Wolfe and was discovered by his neighbor. The victim was discovered by a neighbor and was in a state of decomposition. There were no signs of foul play. This investigation is ongoing, pending the OMI final report.

Friday 6-12-2026

Detective was called out to 901 S Main in reference to an unattended death in the parking lot. Upon arrival it was learned the victim was identified as Kirby Johnson, who is homeless. There were no signs of foul play. This investigation is ongoing, pending the OMI final report.

Sunday 6-14-2026

Detective was called out to the 500 block of S Main under the Hondo bridge in reference to a deceased subject. Upon arrival the victim was identified as Kent Hoffman, who is homeless.

Sunday 6-28-2026

Detective was called out to 805 Greenbrier in reference to a suicide. The victim was identified as Jerry Pearce. It was learned that the victim had initially shot himself in the face and was non-fatal, the victim then proceeded to shoot himself again which resulted in his death. The victim's wife explained the victim had prior suicidal ideations due to having 2 strokes in the past couple years and she had hidden his firearm from him.

Sunday 6-28-2026

Detective was called out to 102 S Main in reference to a burglary. Through the investigation it was learned the same suspect had already burglarized the same business as well as multiple other businesses. The suspect was identified as Danny Murray. Danny was located the next day and a search warrant was obtained for his property where most of the property that was stolen was recovered. Danny was incarcerated for several charges of commercial burglary.

Wednesday 6-24-2026

Detective was assigned a fraud case where the City of Roswell was scammed out of \$375,000. It was learned City Hall received a scam call and during the conversation they were able to gain access to banking accounts resulting in them withdrawing the money. Detective began the investigation and obtained search warrants for the bank but later learned the FBI would be taking over the case. This case is ongoing for the FBI with assistance from Detective.

Technical Services Unit/Property

The division highlights for June:

TSU highlights

- TSU helped with the execution of 12 search warrants.
- TSU responded to 13 callouts.
- TSU processed 11 items.
- TSU constructed 0 photo arrays for CID and Patrol.
- TSU conducted 0 trainings for Patrol and TSU.
- TSU conducted 3 phone extractions.
- TSU conducted 0 video enhancements.
- TSU assisted with 17 calls for service.
- TSU completed 178 NIBIN entries.

Property Highlights

- Property booked in the following: 471 total items, including 106 drug items, and 26 firearms.
- 81 items sent to lab.
- Cash deposited totaling \$0
- 4 items transferred to outside agencies (ATF/HSI/FBI).
- 42 items returned to owner/other.
- 0 Destruction Orders obtained and executed. 0 items were destroyed based on these Destruction Orders. There are 0 Destruction Orders in progress.
- 0 firearms destroyed per Destruction Order.

Notable Events

A total of 73 NIBIN leads were generated through Brasstrax.

Peer Support

The highlights for June:

Wellness Highlights

- Roswell Fire Department Peer Support team is planning to host “The Fire that Burns Within” course through PSPG that was previously rescheduled from last month; a date has not been set yet.
- Roswell Police Department Peer Support team is possibly looking to add one additional member. Date for upcoming classes through PSPG: October 26-29.
- Shady attended a conference call with Boulder Crest Foundation June 18 to obtain additional information about the Struggle Well Training Program and its potential benefits to the department.
- A Struggle Well Training is scheduled for July 27-31 and will be hosted by the Las Cruces Police Department. There is an opportunity for a member from the Roswell Police Department Peer Support team to attend with tuition fee waived.

K9 Highlights

- K9s conducted 6 visits
- K9s provided Victim Support on 0 cases
- K9s responded for 0 Critical Incident Calls
- K9s attended 0 Community Events
- Assistance Dogs of the West will be scheduling the second set of interviews with Shady for the Peer Support Dog; a date has not been set yet.

Police Chaplain Highlights

- Police Chaplains did 7 Ride-Alongs
- Police Chaplains responded for 0 Critical Incident Calls
- Megan Davis and Sean Reeves attended the Billy Graham Law Enforcement Chaplain training conference in Rio Rancho June 15-18.
- Megan Davis successfully completed required training and has joined the department as a Chaplain, bringing the number of Chaplains to five.
- Chaplain Jett Davis donated breakfast to the day shift patrol officers June 5.
- Chaplain Jett Davis coordinated with Bahama Buck’s, which served energy drinks and sodas to personnel June 17 at the Roswell Police Department.

Minutes

Public Safety Committee Meeting
Held in the Mike Mathews Conference Room
Tuesday, June 16, 2026, at 4:00 p.m.

Notice of this meeting was given to the public in compliance with Section 10-15-4, NMSA 1978, and Resolution 26-12.

The meeting convened at 4:00 p.m., with Councilor Julianna Halvorson presiding. Present: Councilor Cristina Arnold, Councilor Angela Moore, and Councilor Bob Corn. Councilor Carlos Marrujo was absent.

Ms. Sanders reported to the Chair that a quorum was present.

Staff present: Hess Yntema, City Manager; Bobbi Thompson, Assistant City Manager; C. Josh Nairn-Mahan, City Attorney; Steve Chavez, Fire Chief; Randy Bunch, RFD; Amalia Martinez, City Clerk; Angela Garcia, Deputy Clerk; Karen Sanders, Emergency Management; Jessica Vickers, Community Development, Albert Aldana, Police Chief; Mike Taylor, Deputy Police Chief; Ryan Craine, Deputy Police Chief, Michael Fry, RPD; and Clint Caldwell, HR.

Guests: Michaela Merz, Pecos Valley Public Services; Amanda Lueras, CASA; Scott Kasper, AMR; Cecil Harding, AMR; Royal Flagg, STOP; Julius Smith, and Rita Kane.

APPROVAL OF AGENDA

Councilor Arnold moved to approve the agenda; Councilor Moore seconded the motion.

A voice vote was as follows: Chair Halvorson – yes, Councilor Marrujo – absent, Councilor Arnold – yes, Councilor Moore - yes, Councilor Corn-yes.

The motion passed 4-0.

MONTHLY DEPARTMENT REPORTS

Departments presented the committee with their monthly reports and answered any questions.

1. 2. AMR – Kevin Prescott presented the final monthly report and answered questions.
3. 4. Emergency Management – Karen Sanders presented the monthly report and answered questions.

5. 6. Consolidated Dispatch – Monthly report included in the packet. No representative attended the meeting, and there were no questions from Council.
7. 8. Community Development – Jessica Vickers presented the monthly report and answered questions.
9. 10. Roswell Fire – Chief Chavez presented the monthly report and answered questions.
11. Roswell Police Department – Chief Aldana presented the monthly report and answered questions

APPROVAL OF MINUTES

12. Councilor Arnold moved to approve the minutes from April 16, 2026, Public Safety Committee Meeting; Councilor Moore seconded the motion.

A voice vote was unanimous. Chair Halvorson, seeing no objection, declared the motion passed 4-0.

REGULAR ITEMS

13. Consider recommending approval to advertise for a public hearing for Ordinance 26-XX: An ordinance to amend fines and penalties throughout the City of Roswell's Code of Ordinances.
This item was approved by the Legal Committee 5-0 at the May 28, 2026 meeting, and referred to the Public Safety Committee. City Attorney C. Josh Nairn-Mahan presented the information and answered questions from the council.
Councilor Moore moved to send the item to full council; Councilor Arnold seconded the motion. Chair Halvorson, hearing no objections, declared the motion passed 4-0.
14. Resolution 26-XX: A resolution requiring the removal or demolition of four (4) dilapidated structures.
Jessica Vickers from Community Development presented four (4) properties for consideration and answered questions.

Councilor Arnold moved to send the item to the Legal Committee and to be considered for the consent agenda; Councilor Moore seconded the motion. Chair Halvorson, hearing no objections, declared the motion passed 4-0.

15. Consider a proposed budget adjustment of \$10,000 to the Police Professional Services line for CASA use.

Police Chief Albert Aldana explained the need to increase the amount from \$50,000 to \$60,000, to be funded out of the public safety tax, and answered questions. Councilor Arnold moved to send the item to the Finance committee and be considered for the consent agenda; Councilor Moore seconded the motion. Chair Halvorson, hearing no objections, declared the motion passed 4-0.

16. Consider budget approval of \$500,000 for planning and design of Roswell First Response Center.

Chair Halvorson presented information and answered questions regarding the need to allocate funding out of the Public Safety Tax for plan and design of a new police headquarters. The Roswell Police Department would establish a committee, including a couple of councilors, to assist with design, planning, and construction of the new facility.

City Manager Yntema stated the next steps would be review by the Finance Committee, Full Council approval, and issuance of an RFP.

Councilor Moore moved to send the item to the Finance Committee and to be considered for the consent agenda; Councilor Arnold seconded the motion.

A voice vote was as follows: Chair Halvorson-yes, Councilor Arnold-Yes, Councilor Moore-yes, Councilor Corn-No. The motion passed 3-1.

PUBLIC PARTICIPATION

Royal Flagg voiced concerns about troubled youth and then briefly discussed his program aimed at helping close gaps youth often experience by providing guidance. City Council, City Management, department heads, and supervisors, listened and answered questions.

Michaela Merz with Pecos Valley Public Services stated they are patrolling daily and providing water and heat relief throughout the community. Michaela also mentioned seeing an increase in unhoused individuals who are new to the area. City Council, City Management, department heads, and supervisors, listened and answered questions.

Julius Smith stated he had emailed information to the Police Chief regarding issues of concern. City Council, City Management, department heads, and supervisors, listened and answered questions.

ADJOURNMENT

The meeting adjourned at 4:55 p.m.

Public Safety Committee

Meeting Date: 07/14/2026

COMMITTEE: Public Safety

CONTACT: Derek Washichek

CHAIR: Juliana Halvorson

ACTION REQUESTED:

The Roswell Police Department is requesting the use of the funds to purchase and outfit 2026 Chevrolet Tahoe that were budgeted prior to the new fiscal year 27. (Aldana)

BACKGROUND:

The Roswell Police Department was approved \$700,000.00 for new police vehicles. The Roswell Police Department obtained money from the state to purchase police vehicles (junior bill) for the amount over \$130,000.00. We have reserved ten (10) 2026 Chevrolet Tahoe 4x4 PPV totaling \$566,326.00 from Melloy in Las Lunas, NM. Dana Safety Supply Inc quote to outfit all ten vehicles is \$160,060.00. This will total \$726,386.

FINANCIAL CONSIDERATION:

Junior Bill money will help cover some of the cost. The Roswell Police Department reduced some of their line items (operating budget) to purchase these police units this year.

Public Safety Committee

Meeting Date: 07/14/2026

COMMITTEE: Public Safety

CONTACT: Derek Washichek

CHAIR: Juliana Halvorson

ACTION REQUESTED:

The Resolution shall require the removal or demolition of two (2) dilapidated structures.

BACKGROUND:

Initiated by: Toby Franco These structures constitute a public nuisance harmful to the public health, safety and general welfare.

FINANCIAL CONSIDERATION:

Resolution and notice will be served to owners requiring action within fifteen (15) days. Demolition by the City will proceed if no action is taken and a lien will be placed on the property for cost ranging from \$3,000 to \$30,000 for each property for removal.

LEGAL REVIEW:

The City Attorney has reviewed the current resolution. Resolutions must be adopted by a majority vote of the entire City Council.

BOARD AND COMMITTEE ACTION:

This is to be reviewed by the Public Safety Committee at their meeting on July 14, 2026.

STAFF RECOMMENDATION:

Code Enforcement recommends approval of Resolution 26-XX.

Attachments

ATT 1 Resolution 26-XX Condemnations

ATT 2 Resolution 26-XX Condemnations

CITY OF ROSWELL
RESOLUTION 26-XX

A RESOLUTION REQUIRING THE REMOVAL AND/OR DEMOLITION OF CERTAIN DAMAGED AND DILAPIDATED BUILDINGS, STRUCTURES OR PREMISES; PROVIDING THAT THE CITY SHALL HAVE A LIEN FOR THE COST OF REMOVAL; PRESCRIBING THE PROCEDURE INCIDENT TO SUCH REMOVAL AND/OR DEMOLITION AND DECLARING CERTAIN PROPERTY TO BE IN SUCH STATE OF DISREPAIR, DAMAGE AND DILAPIDATION AS TO CONSTITUTE A DANGEROUS BUILDING AND A PUBLIC NUISANCE PREJUDICIAL TO THE PUBLIC HEALTH, SAFETY AND GENERAL WELFARE.

WHEREAS, it is the opinion of the City Council of the City of Roswell, New Mexico, that those certain buildings or structures upon the premises located as follows and purportedly owned of record, or occupied by the parties hereinafter named, are and have become in such state of disrepair, damage and dilapidation as to be a menace to the public health, safety and general welfare of the inhabitants of the community; and further, that it is in the public interest to require the removal thereof, according to law, by reason of the condition or conditions set forth in Exhibit "A".

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL, THE GOVERNING BODY OF THE CITY OF ROSWELL, NEW MEXICO:

1. That the buildings or structures set forth in Exhibit "A" are declared to be in such state of disrepair, damage and dilapidation as to constitute a dangerous building within the purview of Roswell Municipal code section 16-12, as well as being a public nuisance prejudicial to the public health, safety and general welfare. That such dangerous buildings or structures set forth, if any, cannot reasonably be repaired so that they will no longer exist in violation of the terms of the ordinance.

2. The owners, occupants, if any, or agent in charge of said premises be, and they hereby are ordered and required to remove such dangerous buildings, or structures within a reasonable time thereafter not to exceed fifteen (15) days from the receipt of notice by certified mail or from date of publication of this resolution as hereinafter provided, and as the case may be. In the event such removal be not commenced by such owner, occupant or agent, or written objection thereto be filed with the City Clerk within ten (10) days after service of a copy of this resolution by certified mail or by publication, requesting a hearing, then and in such event, the City Manager is hereby authorized and directed to cause such dangerous buildings or structures to be removed at the sole cost and expense of the owner, owners or other parties having an interest in said properties, and further, that the reasonable cost of such removal shall be and become a subsisting and valid lien against such property so removed and the lot or parcel or land from which such removal was made and shall be foreclosed in the manner provided by law for the foreclosure of municipal liens. Alternatively, the City Manager may act pursuant to Article 3-18-5 (G) (NMSA, 1978), and cause the dangerous buildings or structures to be removed and give title to them or their components to the removing person or persons.

3. In the event the owner or other interested party aggrieved shall file his protest within the time herein provided, requesting a hearing, on the matter, the City Council shall fix a date for hearing, at which time said Protestants shall be entitled to be heard in person, by agent or attorney, and the City Council shall consider evidence whether or not its previous action should be enforced or rescinded. If it shall be determined that the removal order should be enforced, and the owner(s) shall fail or neglect to comply with said decision of the City Council, they shall have a right of appeal to a court of competent jurisdiction by giving notice of such appeal to the City Council within the (10) days after the date of the City Council decision, together with his petition for court review duly filed with the Clerk of the Court within thirty (30) days of the date of the decision complained of.

4. Upon the adoption of this resolution, it shall be the duty of the City Building Inspector to notify the owner, occupant or agent in charge of such building or structure of the adoption of this resolution by serving a copy thereof upon him by certified mail, return receipt requested; and in the event such owner, occupant or agent cannot be found or served within said City as herein above provided, such notice may be served by posting a copy of said resolution upon the premises complained of, followed by legal publication of said resolution one time in a newspaper of general circulation within the city.

ADOPTED, SIGNED AND APPROVED 13th day of August 2026.

Meeting Date: 07/14/2026

COMMITTEE: Public Safety

CONTACT: Derek Washichek

CHAIR:

Juliana Halvorson

ACTION REQUESTED:

Approve the purchase of one 2025 F-Series 4x4 Brush Truck utilizing HGAC Contract #AM10-23 for the amount of \$285,000 to Medic Built, LLC. (Chavez)

BACKGROUND:

The Roswell Fire Department is requesting approval to purchase one 2025 F-Series 4x4 Brush Truck to maintain fleet reliability and operational readiness. The apparatus will be assigned to Station 3 and will respond to wildland and brush fire incidents within the City of Roswell while also providing mutual aid assistance to Chaves County when requested.

This apparatus is identified in the Fire Department's current three- to five-year apparatus replacement plan and will enhance the department's ability to safely and effectively respond to wildland fire incidents. The department's existing brush truck fleet is aging, and this purchase will continue the planned modernization of the fleet following the acquisition of a new brush truck for Station 1 last year.

Upon completion of the purchase, the City will submit the required documentation to the Federal Emergency Management Agency (FEMA) for reimbursement through the department's approved flood recovery funding. Approval of this purchase is necessary to initiate the reimbursement process.

FINANCIAL CONSIDERATION:

The total purchase price is \$285,000. Funding is available through the Fire Protection Grant - 22654123-793501.

Budget transfer in the amount of \$285,000.00
From: 22654123-793501 (MiscExp-General)
To: 22654123-817506 (Capital Outlay-Vehicle)

Purchase order from account 22654123-817506 in the amount of \$285,000.00 to Medic Built, LLC Contract #AM10-23

Upon completion of the purchase, the City will seek reimbursement from FEMA through the approved flood recovery funding process.

LEGAL REVIEW:

No legal review is required at this time.

BOARD AND COMMITTEE ACTION:

This item will receive its initial review by the Public Safety Committee.

STAFF RECOMMENDATION:

Staff recommends approval of the purchase to ensure continued emergency response capabilities, improve fleet reliability, maintain operational readiness, and allow the City to pursue FEMA reimbursement for this eligible expenditure.

Medic - SWAS Brush Truck #003		
Product	Description	
Chassis	* 2025 F-Series 4X4 Chassis. This is an estimated price provided. Final pricing may vary with final specs and based upon the time this order is placed. Customer Ford pricing structure is applied to this estimate.	
Cross Walk Body	* (1) Aluminum square tubing headache rack will be constructed and mounted to the front of the pass thru. Aluminum rods will be inserted in the vacant openings to protect from any external threat. The front of the headache rack will be covered with a smooth aluminum plate, which will be coated with a protective liner, and cover from mid - to - lower portion of headache rack. Rack will include mounts for light bar. * (1) 24" Wide aluminum Smooth plate pass through will be installed between the headache rack and flatbed portion of this body. * (2) Swing doors will provide access into the pass thru operator platform, doors will be assisted so they do not open when making a turn. Doors will be injected with close cell foam to prevent internal deterioration. * (1) 108" x 96" flatbed will be constructed of military grade aluminum. The frame rails will be long runners, and the cross members will be 3" aluminum channel. The top of the frame will be covered with a smooth aluminum plate, which will be coated with a protective liner to fit entire surface. * (1) Custom aluminum rear skirt will be installed at the rear of the flatbed and house all emergency and DOT lighting. * (1) Rear body slide out compartment will be installed under the flatbed and between the frame rails, accessible via drop down hinge door with a paddle slam latch, located in the center of the rear skirt. * (2) Aluminum protective shields will be custom fabricated to fit in the rear tapered portions of the rear skirt. These shields will protect all electrical and fuel lines that are run throughout this area.	

Suspension	* 6" Fabtech Radius Arm Lift Kit with Fox 2.0 Performance shocks. * Fabtech dual steering stabilizers. * Front end alignment. * (5) 335/80R20 Continental MPT81 Tires. * (5) 20" x 11" Steel disc, ten-hole bolt pattern DOT stamped. * (2) 20"x30" Mud Flaps will be installed behind the rear super single tires. * (1) Heavy duty front bumper with winch mount and front monitor provisions will replace the factory bumper. The front bumper will be coated BLACK with a protective liner. A skid plate will be installed from the grill extending below the radiator, followed by a transmission and transfer case skid pan set. A receiver hitch will be installed at the front of the apparatus below the front bumper. * (1) Body modification kit: (2) fender flares, high arch, 8" tire coverage, core support cut-out kit. NOTE: OUTSIDE VENDOR / LIFT KIT MODS	
Running Boards	* (2) Heavy tread running boards will be installed on both the driver side and passenger side. Running board size will match body size of the customer specified chassis. The running boards will be black.	
Step Assist	* (4) PN: 20200472 Heavy duty 3" rubber belt with aluminum tread step assist will be installed at each entry point throughout the apparatus. (1) On the driver's side, and (1) on the passenger side of the chassis cab. (1) On the driver side, and (1) on the passenger side of the pass through. * (2) PN: 2010135090 Step assist will be mounted to the lower portion of the rear skirt. * (2) PN:2010136440 Rear skirt mounted flip down step assist.	
Water Capacity	* NFPA Compliant, 400 Gallon Co-Poly Tank, 10 Gallon Foam Cell	
Pump	* Waterax BB-4 Pump, Diesel Engine	
Foam System	* Foam System	
Hannay Hose Reel	* Hannay electric hose reel with 150 FT of 1 INCH booster light hose.	
Manifold	* SS Manifold (Painted) with outlets and inlets to customer spec.	

Firefighting Whip Lines	* (2) 1" x 8' L Whip lines with control valves will be installed at the front of the tank, accessible via pass through. One whip line will be on each side of the apparatus.	
Bumper Turret	* (1) Task Force Tips Wildland front bumper turret will be mounted on the front of the apparatus so that it does not interfere with the opening of the hood. *The turret will be equipped with a 30 or 45 GPM electronically adjustable fog nozzle. * It will be controlled via remote control joystick which will be mounted inside the cab	
Ground Sweeps	* (2) Spray nozzles will be installed (one each side) of the front bumper, they will be independently controlled from inside the cab. * Each nozzle will have a separate electrically operated control valve. * The flow rate will be approximately 15-20 GPM.	
Winch	One (1) Warn 15K winch with synthetic cable, w/ extended remote control.	
Auto Eject Charger	* PN: 2010135479, PN: 2010136398, PN: 2010136378 Kussmaul Sure Auto Eject charging system kit with deluxe cover bar graph display.	
Rear Receiver	* (1) PN: 20201727 Receiver hitch will be installed at the rear of the apparatus below the skirt. This will be a Class III trailer hitch, coupled with a seven-prong trailer connector plug and a weatherproof snap cover.	

Emergency Lighting	* (1) Whelen Liberty lightbar will be mounted to the headache rack. The length of the lightbar will be 50", all lenses will be clear. The light bar is to include the following: * (4) LED forward facing strobes. * (2) LED forward facing strobes. * (2) LED front corner facing strobes. * (1) LED driver side facing strobes. * (1) LED passenger side facing strobes. * (2) LED - Whelen M2 Surface Mount Series Super-LED Light heads will be installed in the front of the apparatus (front grille) two each side. * (2) RWB - Whelen Whelen M2 Surface Mount Series Super-LED Light heads will be installed on the side of the apparatus (front bumper) one each side. * (2) RWB - Whelen ION TL12D Surface Mount Series Super-LED Light heads will be installed on the driver side of the apparatus (aluminum flatbed) one at the front and one at the rear. * (2) RWB - Whelen ION Surface Mount Series Super-LED Light heads will be installed on the passenger side of the apparatus (aluminum flatbed) one at the front and one at the rear. * (4) RWB - Whelen ION Surface Mount Series Super-LED Light heads will be installed on the highest point of the rear skirt of the apparatus, two on each side.	
Scene Lighting	* (1) PN: 2010136449 Forward facing 30" LED scene light bar will be mounted to the front of the apparatus' heavy-duty bumper. * (2) PN: 20201465 Whelen M6 Scene Lights mounted at the rear of the vehicle.	
Ground Lighting	* (2) PN: 2010139276 8.6" will be mounted under each entry points of the pass thru , driver side entry door and officer entry door. (4) PN: 2010139276 8.6" will be mounted under each entry door on the chassis cab	
Control System/Siren/Speaker	* (1) PN: 20200935, PN: 20201672 Whelen Siren Control will be mounted within the center console apparatus. * (1) PN: 2010135275 Whelen Passenger Side Speaker will be mounted under the front bumper passenger side. * (1) Master Power Switch; 12V Aux System	

Emergency Lighting	* (1) Whelen Liberty lightbar will be mounted to the headache rack. The length of the lightbar will be 50", all lenses will be clear. The light bar is to include the following: * (4) LED forward facing strobes. * (2) LED forward facing strobes. * (2) LED front corner facing strobes. * (1) LED driver side facing strobes. * (1) LED passenger side facing strobes. * (2) LED - Whelen M2 Surface Mount Series Super-LED Light heads will be installed in the front of the apparatus (front grille) two each side. * (2) RWB - Whelen Whelen M2 Surface Mount Series Super-LED Light heads will be installed on the side of the apparatus (front bumper) one each side. * (2) RWB - Whelen ION TLI2D Surface Mount Series Super-LED Light heads will be installed on the driver side of the apparatus (aluminum flatbed) one at the front and one at the rear. * (2) RWB - Whelen ION Surface Mount Series Super-LED Light heads will be installed on the passenger side of the apparatus (aluminum flatbed) one at the front and one at the rear. * (4) RWB - Whelen ION Surface Mount Series Super-LED Light heads will be installed on the highest point of the rear skirt of the apparatus, two on each side.	
Scene Lighting	* (1) PN: 2010136449 Forward facing 30" LED scene light bar will be mounted to the front of the apparatus' heavy-duty bumper. * (2) PN: 20201465 Whelen M6 Scene Lights mounted at the rear of the vehicle.	
Ground Lighting	* (2) PN: 2010139276 8.6" will be mounted under each entry points of the pass thru , driver side entry door and officer entry door. (4) PN: 2010139276 8.6" will be mounted under each entry door on the chassis cab	
Control System/Siren/Speaker	* (1) PN: 20200935, PN: 20201672 Whelen Siren Control will be mounted within the center console apparatus. * (1) PN: 2010135275 Whelen Passenger Side Speaker will be mounted under the front bumper passenger side. * (1) Master Power Switch; 12V Aux System	

Firefighting Whip Lines	* (2) 1" x 8' L Whip lines with control valves will be installed at the front of the tank, accessible via pass through. One whip line will be on each side of the apparatus.

Rear View Cameras	* (2) Rear View Safety RVS-770614 color monitor will be mounted on the dashboard of the cab. It will be connected to (2) color cameras. (1) Camera will be positioned so that it can monitor the pass thru and the operators inside, and (1) camera will be inset into the rear skirt favoring the passenger side so that it can monitor the ground behind the apparatus.	
Grab Rails	* (4) Black Hansen Grab rails will be mounted around the apparatus. (2) will be located on the driver's side at the crosswalk entry point. (2) will be located on the passenger side of the body at the crosswalk entry point.	
Paint / Protective Coating	* The Chassis will be color changed from white to Ford Race Red. * Body structure will be painted RED, Headache rack, aluminum body, and rear skirt. The storage compartment boxes located on the top side and underbody of the body will be painted red to match the cab and body. * The deck surface of the flatbed will be coated with protective liner as well as the rear skirt skid plates.	
In-Cab Fire Extinguisher	* (1) 5lbs ABC extinguisher will be installed in a retaining bracket within the apparatus.	
Back Up Alarm	* (1) High Tone back up alarm will be installed on the rear of the apparatus.	
Electrical	* Electrical Components, wire, fuses, breakers, ETC	
Fasteners	* Fasteners, Plumbing, Hardware	

Road Test / Vehicle Weight / Designs	A road test will be conducted with the apparatus fully loaded, and a continuous run of no less than ten miles. During that time, Apparatus will show no loss of power, nor will it overheat. The transmission drive shafts, and the axles will run quietly and be free of abnormal vibration or noise. The fire apparatus will be built to the purchaser's requirements in compliance to all State, Local, and Federal highway safety requirements. The Vehicle is not intended to meet any or all standards of the NFPA. The chassis cab will be "prepped" for fire apparatus production as follows: -Wash and clean -Weigh chassis for NFPA reports -Quality control check-in A pre-construction meeting will be conducted at the manufacturer's facility. Transportation to this meeting will be the responsibility of the purchaser. There will be design drawings submitted to the customer prior to the pre-construction conference. The drawings will include all sides of the apparatus. The customer will agree to the drawings reflecting the correct apparatus design and layout prior to construction. The Apparatus will be delivered by the manufacturer. A State of Texas Vehicle inspection will be completed prior to acceptance of the Department, tank will be full of fuel, which will be the responsibility of the manufacturer.

Contract #AM10-23

Sub-Total	\$ 285,000.00
Total Sales Price	\$ 285,000.00

Public Safety Committee

Meeting Date: 07/14/2026

COMMITTEE: Public Safety

CONTACT: Derek Washichek

CHAIR: Juliana Halvorson

ACTION REQUESTED:

Approve the purchase of one Ford E-450 XL Bariatric Ambulance utilizing HGAC Contract #AM10-23 in an amount of \$250,411.20 to MEDIX, Specialty Vehicles LLC. (Chavez)

BACKGROUND:

The Roswell Fire Department is requesting approval to purchase one 2027 Ford E-450 XL Type III Bariatric Ambulance to enhance the department's emergency medical transport capabilities. This unit will serve as the department's designated bariatric ambulance and is specifically designed to safely transport patients requiring specialized equipment due to increased weight and mobility needs.

Unlike a standard ambulance, the bariatric unit provides additional interior space, allowing the patient cot to be positioned more centrally within the patient compartment. This design improves patient comfort during transport while providing EMS personnel with greater access to the patient for assessment and treatment. The unit will also be equipped to safely transport heavier patients and will be utilized for both local responses and long-distance interfacility transfers when specialized transport is required.

The addition of this apparatus will expand the department's ability to provide safe, efficient, and dignified care for all patients while reducing the need to rely on outside agencies for bariatric transport services.

FINANCIAL CONSIDERATION:

The total purchase price is \$250,411.20. Funding has been budgeted in Capital Vehicle Account 55004125-817506.

LEGAL REVIEW:

No legal review is required at this time.

BOARD AND COMMITTEE ACTION:

This item will receive its initial review by the Public Safety Committee.

STAFF RECOMMENDATION:

Staff recommends approval of the purchase to ensure continued emergency medical response capabilities, enhance specialized patient transport services, and maintain operational readiness.

BODY		166"L x 94"W x 72" Interior Headroom
QTY	STD/OPT	Description
1	16-6000-FG	Chassis & Conversion
		Chassis Model Year Estimate/ Adjustment
		-
	01-	Flooring & Interior Colors
1	STD	Cabinets: Laminated Wood Laminate Color: TITANIUM
1	STD	Upholstery: (Specify Color)
1	STD	Color: BLACK Brand: EVS
1	100010	Flooring: Lonseal, LonCoin (Raised Circles), ILOS Lonspeck TS Twilight. Specify Color: ONYX 150TS
		-
	02-	Body & Chassis
1	STD	This chassis is equipped with a Gasoline Exhaust System to meet the EPA standards for Gasoline exhaust emissions
	NOTE Weld Shop	NOTE: See Shoreline location on front wall. NOTE: Delete static vent over side entry door. NOTE: See roof print for condenser location. NOTE: A/C Compressor mounted to the engine. NOTE: Need Danhard Condenser mounting bracket for under body and floor print showing location.
1	DEL for Tremco	DELETE STANDARD Anti-Theft Device: IdleLock Ignition Security System, for Ford E Series Chassis Only. Locate activation button to the right side of the steering wheel. NOTE: See option below for Tremco Anti-Theft.
1	99-1856	Chassis: Anti-Theft Device, TREMCO anti-theft device for Type III Ford, Chevy chassis ONLY. Ignition security system, locate activation button to the right side of the steering wheel column.

1	STD	Camera System: RVS Systems RVS-MV3619N-NM-02- Includes (1) 7" rear view mirror monitor, Surface Mount back-up camera and (1) 33' camera cable. Locate: (1) Camera mounted off lower RH corner of center rear Amber light; Monitor mounted on cab windshield rear view mirror.
1	STD	All Exterior compartments coated with light gray colored rubberized polyurethane material.
1	800280	Walk-Through: Delete the standard walk-through opening. Bulkhead wall will now have a Pass-through window ILOS- includes horizontal sliding polycarbonate window mounted on the cab side with full length extruded/anodize aluminum handle to facilitate access. NOTE: Type III Models Only (N/A on the 157 models)
1	STD	Compartment Lights: Optronics ILL36CB LED Compartment lights- ALL Models Locate: (1) Ceiling of Compt #1; (2) in Compt #2- (1) URH, (1) LLH; (1) in ceiling of Compartment #3; (2) in Compt #4/5; (1) in Compt #6 (if applicable).
1	Modified for Add'l O2 Tank Bracket	Compartment #1 SS Forward: Smooth Aluminum body, ADP interior door panel, (1) O2 "M" cylinder storage bracket for STEEL tank and (1) additional adjustable yellow bracket for "H" cylinder air tank, Door w/gas-strut hold-open. NOTE: Adding (1) yellow air Cylinder Mount, See Oxygen Section for option.
1	99-1859 Modified Per Options	Compartment #2: SS center, smooth Aluminum body, ADP interior door panel, Open Storage, Double Doors with gas strut hold-opens. This is a special order tub due to offset in corner for interior recessed suction pocket. See Print 41-105667 to order, do not order standard tub. NOTE: Type III 166 Ford Only. NOTE: See option in Heat/AC Section Below. Danhard components will be mounted on ceiling of Compartment #2.
1	99-1362	Seat Belt: Automotive Style, (1) 2"W x 45"L female strap side and (2) footman loops, mounted in exterior compartment. IATS Location: Compartment #2 (Reference 23-6614 pic)
1	99-1860	Compartment #3: SS Rear, 3/4 Height, Smooth Aluminum body, ADP interior door panel. DELETE Inside/Outside access. Includes (1) adjustable REDUCED DEPTH shelf with ADP finish in front of upper offset. Door with gas strut hold-open. NOTE: Offset tub to allow for interior 8" depth cabinet at upper inboard wall (separate option). See special tub print: 41-105662, see shelf print: 33-105889. NOTE: Type III 166 Ford Only. NOTE: See option below for Stair Chair Pocket on Compartment #3 door panel.
1	99-0886	Stair Chair: Rubberized urethane coated smooth aluminum stair chair carrier, attach to the door liner on compartment #3 interior door panel with seat belt strap to secure stair chair. PN: 33-10-3144

2	STD	Rear Entry Doors: Single piece laminated smooth aluminum door liner w/stainless steel center panel for black paddle handles; ADP kick panels.
1	STD	Compartment #4/5 CS Forward: NO body above floor, ADP interior door panel, ALS Cabinet w/ Inside/Outside access, Full-height, single Door w/gas strut hold-open. Bottom section smooth aluminum body w/roll-out battery tray w/removable, latching door.
1	STD	Curbside Entry Door: Single piece, laminated smooth aluminum door liner w/stainless steel center panel for black and chrome paddle handles; ADP kick panels. Gas strut door hold-open. Smooth aluminum stepwell w/Dri-Dek insert.
1	STD	Compartment #6 CS Rear: smooth aluminum body, Vertical backboard storage w/2 belts. Door w/gas strut hold-open.
1	STD	All Entry Door paddle handle and rotary latching components will include emergency door releases located top and bottom of each door and shall meet the FMVSS 206 30G Test Requirement
1	200200A	Power Door Locks: All Entry and Compartment Doors, wired to OEM door lock system. (Does not include additional lock switches inside module) NOTE: Not for use on MSV-II Mods. NOTE: See option below for Door Lock Switch.
1	99-0754	Switching: Power Door Locks Only, (2) door lock switches, MX09145: (1) located in a horizontal 2-switch Positron panel, in standardized position on Curbside Wall above head of bench; (1) located in 2-switch position Positron switch panel, on wall at curbside rear entry door in standardized position.
1	99-0678E	Power Door Locks: Stealth Switch on Ford, Power Door Lock System, Push Button Switch (Grille bracket on E-series: Ford 33-102402) LOCATION: Standard position in front grille area
1	STD	Rear Bumper: ADP corner pods w/Dock bumper pads, Center grip-strut flip-up step, powder coated steel frame
2	STD	IV Hangers: (2) Cast black rubber fold-down over knee area of Cot and Squad Bench
3	STD	Mirrors, OEM: (1) each cab door, (1) on interior windshield
1	STD	Wheel Covers: Stainless steel covers
4	STD	Stone Guards: lower body corners, ADP
1	STD	Kick Plate, Rear: ADP, below rear doors across to corner posts.
1	99-0667	Rub Rails: Extruded rubber rub rails- ILOS
2	STD	Running Boards: Aluminum diamond plate w/splash guards.
1	99-0283	Lights: Courtesy, (2) Whelen 2" T0CACCCR with TGROM2 rubber grommet, mounted on the front wall of the module above the running boards on each side of the chassis. NOTE: Type III Modular Conversions Only.
1	STD	Fender Flares: Black rubber
1	STD	Fuel Fill: Cast aluminum fuel fill bezel.
1	STD	Insulation: Pink, double sided radiant barrier/acoustic material, installed on curbside and streetside rear wheel wells.

1	STD	Insulation: Spray in place foam applied to curbside entry step well and both rear wheel wells
1	STD	Undercoating: Per QVM Guidelines
		-
03- Brake, Turn & Back-Up Lights		
1	STD	Lights: DOT, Brake/Tail, Turn, Back Up: Whelen 600 Series LED.
1	STD	DOT Marker Lights: TecNiq LED, rubber grommet bezels; (7) S34-AC09-1 Amber- (5) on front of body as Marker lights, (2) side facing on rear extrusions as Turn Signals; (7) S34-RC90-1 Red- (5) on rear of Body as Marker lights, (2) side facing as Turn Signals.
2	99-0567 Modified for Wiring	Lights: Ground, (1) TecNiq E10-WS00-1, LED with angled stainless steel mounting bracket. Location: One (1) Under side entry door; One (1) under rear entry doors, forward of flip-up step. Wire to operate when ANY Entry Doors are opened.
		-
04- Electrical, Power Distribution, Control Center & Interior Lighting		
1	STD	Battery Switch, Automatic: TST CDR-400. Located in Electrical Cabinet.
2	STD	Batteries: OEM Locate: (1) Under hood, (1) In roll-out tray in Compartment #4/5
1	Modified for Switch Panel	Front Console/ Switch Panel: Formed Aluminum body powder coated black and attached to chassis floor. Switch panel: Engraved black plastic with LED lighted switches for Emergency Master, Primary/Secondary Modes, Siren/Horn, Left, Rear and Right Floods, Back-Up Alarm, Module Disconnect. Siren mounted in engraved panel below switches. NOTE: See option below for Dealer Logo Front Chassis Cab Switch Panel.
1	99-1356	Switch Panels: Front, To have SWAS Logo - PN MX01565 for Front Switch Panel, ILOS Panel with Medix Logo. NOTE: Type I & III Models Only.
1	99-3434	Electrical: USB Port, Kussmaul 091-264 dual port USB-C & USB-A mounted in switch panel. Fits into standard switch slot. IATS (Does not work with curbside wall switch panels) LOCATION: One (1) Front Chassis Cab Console Switch Panel in empty slot.
2	Modified	DELETE STANDARD Antenna, Radio Coax Cable ONLY; KEEP STANDARD Power & Grounds and terminate in cabinet "D"
1	99-0747	Electrical: Antenna, (2) 25' Coax with 3/8" through-hole antenna bases prewired to roof ILOS standard coaxial cables. NOTE: MEDIX to drill hole and complete mount. Terminate coax with standard Power/Ground for each in cabinet "D". Run (1) coax to above dome #2, (1) to above dome #3 due to roof condenser. Note: Modular Units Only.

2	400010	Electrical: Antenna, Coax, with 12VDC Power and Ground. IATS SPECIFY LOCATION): Run from above Dome #4 and Dome #5 and terminate in cabinet "D". Run power/grounds to cabinet "D".
1	99-1957	Electrical: Prewire, (1) 8AWG - 12VDC ignition, power and ground from battery to a Blue Sea PN: 5032 ST Blade Split Buss "12" Fuse block – two isolated groups of six circuit fuses with cover for "Battery Hot" and "Ignition Hot" wiring. NOTE: Locate in Electrical cabinet high on the wall closest to the Action Area.
10	STD	Dome Lights: LED w/flange; 2-banks of five (5) 18-diodes, switched separately with Hi/Lo functions.
1	STD	Action Area Light: 12 VDC LED light, with On/Off switch on rear control panel
1	STD	USB Port: Vanner VSS-USB dual port 2Amp mounted on A/A wall
1	99-1789 Modified for Location	Lights: Indicator, Shoreline, Green 125VAC LED Location: Mounted above shoreline inlet on Front Wall of Module.
1	400220 Modified for Location	Electrical: Shoreline, 125VAC, 30-Amp, Twist-lock inlet with hinged, weatherproof cover. ILOS NOTE: Locate Shoreline on front Wall of Module behind Driver's door, locate Shoreline so when plugged in the Driver's Door cannot be opened. Delete the Standard on Streetside. NOTE: See option below for Broan Heater Wired to Shoreline.
1	STD	Timer: 5-minute check-out, wired to CS High mode dome lights
1	99-0550-A	Switching: Timer, Momentary 15-Minute timer switch for patient compartment dome lights. Locate switch in 2 Position Positron switch panel in standard position on curbside wall. (PNs: MX09150 switch, MX09151 Timer) NOTE: A-Line Models Only NOTE: Locate in switch panel on curbside with power door lock switch from option above.
1	400160	Inverter: Vanner LSC12-1100- 1100watt with 3-Stage 55Amp battery charger, 20Amp power supply and built in GFI. Remote controlled with switch in the rear switch panel. (This option deletes the GFI in the A/A wall). ILOS NOTE: OPTION 99-1955 IS REQUIRED WHEN ANY INVERTER IS MOUNTED IN ANY BULKHEAD or INTERIOR ENCLOSED CABINET. Location: One (1) in Lower Pass Through Cabinet "E".
1	99-1955	Electrical: Fan, Mechantronics Fan, (1) Axial 120x25MM 12VDC ventilation fan PN: E1225E12AB-FSR mounted on cabinet door or side wall when any inverter is mounted in an interior, enclosed cabinet.
1	400150	Electrical: Battery Charger, DELETE STANDARD (when adding Inverter with integral charger)

1	STD	Breaker Box: 125 VAC w/20-Amp Breaker located behind the driver's seat base.
3	STD	12 VDC Outlets: (1) in Action Area, (1) in ALS Cabinet, (1) in 2nd Action Area
3	STD	125 VAC Outlets: Duplex, located (1) in Action Area, (1) in ALS, (1) in 2nd Action Area
1	400100	Electrical: 125VAC, Duplex Outlet, IATS Specify Location(s): One (1) Located on the Front Chassis Cab side of Bulkhead Wall under Glove Box Holder- Reference unit #24-6739.
1	Modified for Switch	Rear Switch Panel: Engraved black plastic panel with (10) LED lighted switch positions for Dome Lights (2), Vacuum (1), Vent (1), A.A. Light (1), Inverter (1), Cabinet Lights (1) , Spare switches and digital clock w/Mode Buttons. MX01517.
1	STD	Electrical Cabinet: Located over cabin-module connection w/latching, recessed, vented door
13	99-0599	Lighting: Cabinet, TecNiq Oval Dragon, Blue, D14-B0001-1 with SS case, 36" wire with switch labeled "Cabinet Lights" PN:MX09188 in rear switch panel Location: Two (2) in Upper Rear Main Cabinet "A"; Two (2) in Middle Rear Main Cabinet "B3"; Two (2) in Action Area Overhead "C"; Two (2) in Cabinet "B1" above Secondary Action Area; Two (2) in Cabinet "B2" below Secondary Action Area; Two (2) In Squad Bench Overhead, One (1) each section in cabinet ceiling towards face of cabinet centered; One (1) Rear Overhead in cabinet ceiling towards face of cabinet centered.
1	99-2614 Modified for Wiring	Heater: 125VAC/1500W Broan forced air fan/heater, mounted on wall of lower cabinet "E" behind the attendant seat. Requires an aluminum cover inside the cabinet, order #33-A13043. NOTE: 1500 Watt installation requires selecting a 30-amp shoreline ILOS; separate options.
		-
	05-	Warning Lights & Sirens
1	STD	Lights: Warning, Whelen LED EMERGENCY Lighting Package- Ford, Chevy Type I and Type III- Models ONLY. NOTE: Does not include LED Scene Lights.
		All LED lights shall have CLEAR Lenses. All emergency and scene lighting shall have chrome flanges in standard locations.
		Front of Body: Add (7) Whelen 900 Series Super-LEDs- Specify pattern by LED Color (4) Red and (3) White: R/W/R/W/R/W/R Outer (2) lights and (1) Center light flash on K-Spec flasher. Inner (4) flash independently on Light Bar switch on front console.
		Sides of Body: (4) Whelen 900 Series Red Super-LEDs: (2) each side in upper corners
		Rear of Body: (4) Whelen 900 Series Red Super-LEDs: (2) in upper outboard corners, (2) Mid-Body wired as Warning/Brake at the window level; (1) Whelen 900 Series Amber Super-LED in the center position over the rear doors.
		Brake, Turn & Back-Up Lights: Whelen 600 Series LEDs

		Lights, Warning, Intersection Lights: (2) Whelen 700 Red Series Super-LEDs on front fenders
2	STD	Lights, Warning, Grille: LINZ6R Red LED w/clear lenses & chrome flanges on center grille bar
6	500127	Lights: Scene/Load, Whelen 900 Series Super-LED 9SC0ENZR Gradient Opti-Scenelight™ with chrome flange- ILOS Halogen Specify Locations: Two (2) each Side of Module Upper; Two (2) Rear of Module Upper above Rear Entry Doors.
1	STD	Flasher: Dual mode flasher for Warning Light system, Vanner 9860GCPE
2	STD	Siren Speakers: Dual 100 Watt drivers mounted through the front bumper
1	STD	Siren: Whelen 295 SLSA1, 200 Watt
		-
	06-	Oxygen, Vacuum & Miscellaneous Items
3	STD	Oxygen Outlets: Quick-connect style, (2) in Action Area, (1) over Squad Bench
1	600100	Oxygen: O2 Outlets, Single OHMEDA Z-QD0101MO outlet, IATS Specify Location(s): Ceiling over cot, standard position
1	600010	Medical Air: Yellow Face Latch Valve Plate with AD-OHUA-DM Quick Disconnect Fitting inside and DA-HB4-A-DN adapter fitting on yellow hose in Compartment #1. Includes Medical Air Regulator, Amvex GR-346, 50 psi (shipped loose). Specify Location(s): One (1) in Primary Action Area to the left of standard Oxygen Outlets.-See prints. NOTE: See option below for Secondary Oxygen Tank in Compartment #1.
1	Modified	Suction Aspirator System: SSCOR gauge mounted in Action Area and canister/quick connect mounted in recessed pocket. SSCOR vacuum pump mounted in lower bulkhead hallway cabinet. NOTE: See option in Cabinet Section below for Recessed Suction Pocket.
1	99-0639 Modified for Location	Suction System: SSCOR with SS Bracket for container, electric pump-ILOS Rico System NOTE: Locate gauge on action area and Vacuum outlet IN RECESSED POCKET. ILOS (Requires an offset in compartment #2 for protruding recessed cabinet, see option in body section)
1	STD	Oxygen Cylinder Retention: For "M" cylinder, black steel w/3-spring buckle straps and top collar, located in Compartment #1
1	99-0376	Oxygen: O2 Cylinder Mount, M or H Medical Air or O2 cylinders. Adjustable, Safety Yellow bracket with 3-spring buckle straps and top collar- IATS - MSV II ONLY Specify Location(s): One (1) Compartment #1 next to standard O2 Holder, left hand side.
1	STD	O2 Regulator: Amvex, 50psi, pre-set

2	99-1667	Oxygen: O2 Cylinder Mount, (1) CPI OA1201-D-1 strapless oxygen bottle holder with mounting plate, for (1) "D" cylinder. Specify Location(s): Two (2) mounted Side by Side just rearward of Sharps/Waste storage inside Squad Bench.
		-
	07-	AC / Heat
1	99-3828	HVAC System: Spheros PN: 11149806A , "STAND ALONE" High capacity, maximum cool horizontal blow, brushless, HVAC system with a roof mounted condenser PN: 25067 and a STAND ALONE compressor mounted on the OEM engine installed by Spheros installers. The system shall include a digital thermostat mounted on the action area wall and inline booster pump to enhance the rear heater performance. The evaporator unit will be mounted in the front bulkhead. *Requires larger evaporator opening. NOTE: Condenser Cover to be painted same color as body/chassis unless otherwise specified. NOTE: Requires additional independent AC Compressor mounted on the engine. NOTE: Ford Type III E-350/E450 Models ONLY.
1	99-4382	HVAC System: A/C - Danhard, Model 50-3000, 125VAC A/C system complete with evaporator, condenser, pump, valve assembly installed below the squad bench lid over the passenger side wheel well as far rearward as possible IATS HVAC system. Locate Danhard Condenser and compressor under body; Locate the power unit, breaker box and rest of the components on the ceiling of Compartment #2. There will be three grilles located on aisle face of bench, center grille is from Danhard kit with two R/A grilles located each side (See prints for locations). Thermostatic controls will be located in the action area below the rear thermostat. NOTE: ME-166 Type III Models Only. NOTE: This option is not compatible with a #7 Compartment.
		-
	08-	Cabinets, Hardware & Miscellaneous Items
1	STD	Main Streetside Wall Cabinets: Specify desired configuration-
1	OPT	Streetside Cabinet Configuration shall include a CPR Seat with Pro-4 seat belt system. The seat belt system shall include a custom contoured seat back, a single click Pro-4 seat belt, custom pads on the upper straps for shoulder comfort and a heat embossed Medix LOGO at the head area. There shall be a 2nd Action Area, which includes (1) 125VAC and (1) 12VDC outlet, located aft of the CPR seating area.
		Main Wall Cabinets will have (1) adjustable shelf in each and sliding polycarbonate doors with full height extruded handles. See Prints for Configuration.

1	STD	Action Area Overhead Cabinet: Single cabinet full-height/full-depth of Action Area with sliding polycarbonate doors and full height extruded handles.
1	99-2802	Cabinets: LifeDefender framed door face on the Action Area overhead "C" and (2) Rear main wall upper cabinets "A" & "B1". These cabinets will have positive catch LifeDefender cabinet faces with sliding doors ILOS. (This option to be used when only three cabinets exist) NOTE: ME-166 models ONLY
1	99-1144	Cabinets: Add recessed pocket below A/A countertop for SSCOR suction canister and Vacuum outlet ILO mounting canister on the A/A panel. NOTE: See option in Oxygen, Suction Section above. Requires adding in option 99-0639 for SSCOR suction for units with standard RICO suction.
1	Modified Suction Location	Action Area and Switch Panel: Laminated, sealed countertop and vertical ALUMINUM panel with Vacuum gauge only, (1) Medical Air Outlet, (2) Oxygen outlets, USB (1) , (1) 12VDC Outlet, (1) 125VAC Outlet, Danhard Thermostat and digital Thermostat. Switch panel MX01517 includes (10) switch positions and digital clock w/Mode Buttons. NOTE: See option above in Oxygen, Suction Section above to add recessed pocket for Suction.
1	800090	Cabinets: Countertop, Solid Surface Material, 1st and 2nd Action Areas, Color: <u>GREY</u> with <u>BLACK</u> top and full perimeter accent color. To extend over the edge of cabinet main.
1	99-3172	Cabinets: Interior Access, at Compartment #3 offset, 8" deep custom cabinet to have dual, hinged 1/2" acrylic doors with (1) Eberhard two-point PADDLE latch on each door and (1) adjustable shelf. NOTE: For MSVII 170 models only
1	STD	Bulkhead Wall Cabinets: HVAC cabinet above Tech Seat; Electrical Cabinet located above cabin-module connection w/hinged, latching, vented door
1	Modified Per Options	Bulkhead Cabinets: Upper cabinet- general storage w/hinged, LOCKING latching door; Lower cabinet general storage w/hinged, latching, vented door and location for inverter and vacuum pump on floor. NOTE: See option in Electrical Section above. A Broan heater will be installed in wall of lower cabinet "E" facing attendant seat, see option in electrical section. Different CNC for this cabinet wall required. NOTE: See option below for Locking Latch Cabinet "D". NOTE: See option below to Add Two (2) adjustable shelves to Cabinet "D".

1	99-1839	Lock: (1) LifeDefender CW-LOCKASSY-545 tumbler lock to work with LifeDefender cabinet door or drawer latch. Note: this key is different than the standard LifeDefender lock keys. Specify Location(s): Upper Cabinet "D" NOTE: TO BE KEYED DIFFERENTLY THAN THE LOCK ON LOWER ALS SECTION.
1	99-0721	Cabinets: Shelf, Adjustable, (1) 3/4" Plywood shelf mounted in an interior cabinet where there is no existing shelf. IATS Specify Location(s): One (1) Upper Pass Through cabinet "D".
1	99-0720	Cabinets: Shelf, Adjustable, (1) 3/4" Plywood shelf mounted in an interior cabinet where there is an existing shelf. IATS Specify Location(s): Upper cabinet "D".
1	99-2918	ALS Cabinet: Lower Locking storage for 747 with LifeDefender latch and LifeDefender key lock. Middle section Austin Gen II unframed dual hinged doors with (1) non-locking LifeDefender latch on each door and (1) adjustable shelf. Upper section custom for OTE cabinet storage. NOTE: ME-166 Type III Models Only.
1	99-3384	Refrigerator: OTE 19503G with exterior REAR mounted compressor and full perimeter mounting flange with controls. Thermostat will be installed on cabinet face above unit and 4" vent fan with black louvered grille will be mounted on wall beside unit with louvered grille above the unit for air movement. Unit to include COMPX REGULATOR lock (supplied and installed by OTE). Unit to be installed in upper portion of ALS on 166 models only. NOTE: Make sure cabinet build prints have the ventilation on side wall of ALS cabinet.
1	99-0798	Glove Box Holders: (3) with hinged, black 11ga steel powder-coated door, above Curbside Entry Door. NOTE: DELETES STATIC VENT OVER SIDE ENTRY DOOR
1	99-0679	Glove Box Holders: Aluminum, powder coated white, 3-Hole Glove Box Holder with Positron hinged, slotted lid mounted on bulkhead between cab seats on Type III pass through wall. Glove boxes will store vertically, side by side. Lid has three oval cut-outs, oriented the same way. MX01533. See print 33-102403. Locate up high below Pass-Through. Make sure flip-up lid will open and not interfere with armrests on passenger and driver seats.
1	99-0546	Cargo Net: Head of Squad Bench, bolted to taping plates in the floor, wall and ceiling. PN: ZRS-NETMEX009-02-B. NOTE: Type I / III ME166, RP-90, MSV II ONLY.
1	Modified	Squad Bench: Inside of bench will contain Danhard components with grilles on face of bench. NOTE: See option in Heat/AC Section above.

	1	Full length hinged lid w/TriMark latch for access to interior storage; Full length upholstered seat cushion except over Sharps/Waste Area.
	2	2) EVS Pro-4 seat belt system seating positions. The seat belt positions shall include a custom contoured seat back, a single click Pro-4 seat belt, custom pads on the upper straps for shoulder comfort, a custom retractor for securing a secondary patient and a heat embossed Medix LOGO at the heat area.
1	STD	Sharps/Waste: Drop-in style with aluminum, powder coated red, hinged lid and standard containers, located at head of squad bench.

Public Safety Committee**Meeting Date:** 07/14/2026**COMMITTEE:** Public Safety**CONTACT:** Derek Washichek**CHAIR:** Juliana Halvorson**ACTION REQUESTED:**

Approve the purchase of one (1) Stryker MX-PRO Bariatric Transport Gurney, one (1) Stryker Performance-LOAD Gurney, and one (1) LIFEPAK 35 Cardiac Monitor/Defibrillator from Stryker Sales in an amount of \$94,783.02. Sourcewell Contract #041823 (Chavez)

BACKGROUND:

The Roswell Fire Department is requesting approval to purchase one (1) Stryker MX-PRO Bariatric Transport Gurney, one (1) Stryker Performance-LOAD Gurney, and one (1) LIFEPAK 35 Cardiac Monitor/Defibrillator to support the continued growth and operational readiness of the department's Emergency Medical Services Division.

The Stryker MX-PRO Bariatric Transport Gurney is specifically designed to safely transport bariatric patients and will be assigned to the department's bariatric ambulance. The Stryker Performance-LOAD Gurney will be placed into service and is designed to integrate with the department's powered loading system when Bariatric transport is not required.

The LIFEPAK 35 Cardiac Monitor/Defibrillator is Stryker's newest generation advanced life support monitor and is used for continuous patient monitoring, 12-lead ECG acquisition, cardiac rhythm analysis, defibrillation, synchronized cardioversion, external pacing, and other critical lifesaving interventions. This purchase will ensure the new ambulance is fully equipped with the essential patient care and transport equipment necessary to provide safe, efficient, and high-quality emergency medical services.

FINANCIAL CONSIDERATION:

The total purchase price is \$94,783.02.

A budget adjustment in the amount of \$94,783.02 will be transferred from Account 55004125-817506 (Capital Vehicle) to Account 55004125-817505 (Capital Equipment). Funding has been accounted for in the Fiscal Year budget, and this adjustment is necessary to properly allocate the expenditure.

LEGAL REVIEW:

No legal review is required at this time.

BOARD AND COMMITTEE ACTION:

This item will receive its initial review by the Public Safety Committee.

STAFF RECOMMENDATION:

Staff recommends approval of this purchase to ensure continued emergency medical response capabilities, enhance provider and patient safety, and maintain operational readiness by equipping the department's ambulance fleet with essential transport and advanced life support equipment.
