Case Details:

The City is being wasteful and abusing their positions by spending extra money for the Electric Light Parade. Departments were given money from the City Manager's Office to buy decorations so they could enter a float into the electric light parade. Why is extra money being spent for this when departments budgets were cut so much that employees are in fear of their jobs? This is wasteful spending and whoever authorized this should be investigated. I don't know who did it so I didn't include any names, but I was offered money that came

from the City Manager's Office if I would dnetter a float, but I said no. I would rather have safe jobs then spend money on a float for a parade. Please investigate this and find out who authorized this wasteful spending.
