Case Details:

On April 8, 2026, the caller said Rubi left the office at 11:30 AM for about two hours to take care of her kids. Employees (names and job titles unknown) in the office were aware of this, and they were covering up for Rubi. The caller does not know why Rubi gets to go home for two hours. The caller was working in the office and noticed this. Rubi came back to the office at 2:01 PM. Rubi just came in the office and began working secretly.

On May 7, Rubi did the same thing and left at 2 PM and came back to the office at 4 PM. When Rubi came back, she sat down quietly and started to work. The caller said this has been happening the whole school year, but he/she never started writing it down until April. The

caller did not know what was really happening, and that's why he/she never wrote it down. The caller said between 11:30 AM and 2 PM, Rubi leaves the office during the school year. The caller said there are cameras that can pick up what Rubi has been doing because she has been doing it all school year. The caller said that he/she knows the employees in the office know what Rubi is doing, but they keep quiet.
